Arham Nadeem

Chicago, IL | 773-630-0419 | arhamnadeem.work@gmail.com

Education

University of Illinois Chicago | 2022-2026
Honors College Student   Major: Computer Science (Software Concentration)   GPA: 3.89
Von Steuben Metropolitan Science Center | 2018-2022
          Scholar Program   GPA: 4.0

Work Experience

- Lowe's Cashier & Customer Service (2023-2024)
  - Efficiently processed customer transactions and managed returns
  - Addressed customer complaints with a positive attitude, ensuring satisfaction
  - Developed communication skills, contributing to a pleasant shopping experience

Project Experience

- Interactive Programs
  - AllState Insurance (Python): Custom interface with clickable graphics for Allstate Insurance's campaign to target consumers through engaging, personalized quizzes and insurance packages
  - PhotoEditor (Python): Apply image formatting tools to edit visuals on a program (i.e. masking, text, drawing) and code functions to allow user-led interaction
  - Word Ladder (C): Dynamic program to generate word ladders from user-entered parameters, where each step changes only one letter from the previous word
- Data Analysis
  - RateMyProfessors (C++): Analyze the RateMyProfessors review site to detect the demographic bias behind student-made evaluations as it relates to the validity and dependability of the data
  - Ciphers (C++): Crafted an encryption/decryption application supporting Caesar and Vigenère ciphers
- Games
  - Program algorithmic patterns to build the famous Pong and Snake game with Turtle in Python and the Connect4 game in C++

Activities & Community Service

- Medlife UIC (2022 -Present)
  - Fundraise and partner with local clinics to improve healthcare of impoverished neighborhoods
- Pakistani Student Association (2022 -Present)
  - Initiate events to alleviate environmental and financial turmoils in Pakistan and developing countries
- Nourishing Hope -The Hub (2021-Present)
  - Manage donations of food and inventory items by gleaning and restocking products
  - Initiate donation initiatives through meals and care packages for families in need
- Chicago Marathon (2021)
  - Discard recyclable bottles, banana peels, and other wastes, while managing food stations to ensure a smooth experience for runners
